

GRIP 2019 Poster Board Specifications

Dimensions and Structure

1. **The poster board area is 3 x 6 feet.** This area is exact. The poster must not be larger than this to prevent poster overlap.
2. Please do not use tacks! The poster board is felt covered and requires Velcro strips which will be provided.
3. Please use large type face.
4. Please organize your poster similar to the format below, with Title, Authors, Affiliation, Abstract, Introduction, Methods, Results, Summary, and Conclusions.

Sample Poster Format

The diagram illustrates a 3x6 foot poster board layout. At the top is a large rectangular box containing the following text: "Project Title", "Author(s)", and "Affiliation (Division and Hospital)". Below this box, the poster board is divided into several sections. On the left side, there are two stacked boxes: "Abstract" on top and "Introduction" on the bottom. In the center, there are two stacked boxes: "Methods" on top and a box containing a line graph on the bottom. On the right side, there are two stacked boxes: "Summary" on top and "Conclusions" on the bottom. The "Results" section is a large, empty rectangular box located in the center-right area of the poster board. The entire layout is enclosed in a dotted border.
