

APPLICATION FOR RENEWAL OF ACADEMIC APPOINTMENT

The application for new academic appointments should be more than just a listing of an individual's research and scholarship, teaching and service contributions. In assembling the information for this application, individuals should be clear on the proposed contribution they plan to make to the Leslie Dan Faculty of Pharmacy. Individuals should comment on the significance of their activities. The application may be supplemented with other evidence such as reviews of publications, or a well-developed research plan that may have been part of a grant submission. An individual may also include course outlines and evaluations, and include curricular innovation as applicable.

PERSONAL INFORMATION
