

UNIVERSITY OF TORONTO  
LESLIE DAN FACULTY OF PHARMACY

THE LESLIE DAN  
FACULTY OF PHARMACY

Moving Science  
and Health

Medications are essential to life. They ensure you, your family and friends live longer, healthier lives. At the Leslie Dan Faculty of Pharmacy, medication therapy is at the heart of everything we do.

By supporting our Faculty, you support the discovery of new drugs and drug delivery systems. You ensure our students gain the leading-edge knowledge and skills necessary to help Canadians get the most out of their medications. You drive educational programs and pharmacy practice innovations that revolutionize patient care across the world.

## Your donation ensures we can:

Provide cutting-edge education as the top Faculty of Pharmacy in Canada and top five in the world.

Offer 2,000+ experiential rotations a year to ensure our students get the practical experience they need to be job-ready.

Provide students with opportunities and experiences to develop knowledge and skills that go far beyond what can be obtained in the classroom.

Remain leaders in developing inter-professional education that enables students to provide collaborative, patient-centered care.

Fund leading-edge medication management research and innovations to:

- Develop educational programs to support students and practitioners;
- Create inter-professional education programs for clinicians;
- Establish best practices models and frameworks for the implementation of sustainable and financially viable medication management services; and,
- Generate evidence to support informed policy and decision-making.

When you donate to the Leslie Dan Faculty of Pharmacy's Annual Funds, you extend your impact beyond what any one person could accomplish. Donations to our Annual Funds directly shape our students' lives and learning, enabling them to succeed, grow and contribute to their fullest potential.

All donations to our annual funds are fully tax deductible.

One hundred percent of your donation will go to support students or research depending on the fund you choose.

No amount will be used for overhead or administration.

## Your donations in action.

\$50 funds five students' **Healthcare Toastmasters membership** fees, which enables them to enhance their communication skills.

\$100 pays one student's registration cost to attend the **Ontario Pharmacy Student Integrative Summit (OPSIS)** to foster leadership skills and build community amongst pharmacy students.

\$250 enables one **student-led club** to operate for one year to foster learning opportunities and leadership skills and to serve the needs of the wider community.

\$500 covers **one student's registration at a professional development conference**, providing opportunities to network and make important connections within the pharmacy profession.

\$1,000 allows **one student to present their poster at a conference** to share their research with a wider scientific community to share their knowledge and build their network.

\$1,200 ensures one student can participate in a summer **Pharmacy Student Exchange Program** to learn about health care practices in other countries.

\$2,500 supports **one student financial need award for one year** to help ensure the student can focus on their studies rather than worry about how they will pay for them.

\$2,500 funds **one merit award for one pharmacy student** to recognize and celebrate their academic and/or extracurricular excellence.

\$5,000 enables one student to complete an **international advanced practice experiential rotation** in countries like Ghana, to gain practice experience in another country and in turn share their knowledge and skills.

\$12,500 (or \$2,500 a year for 5 years) fully funds **one student award in your name for five years**.

As a member of our Pharmacy *Phamily* network of over 10,200 alumni, you are part of a group of influential leaders who drive change in pharmacy and pharmaceutical science each and every day.

We invite you to join our Pharmacy *Phamily* Dean's Circle with a gift of \$1,000.

### **As a member of our Dean's Circle, you will receive:**

- An invitation to our annual Dean's Circle Reception
- Dean's Circle pin
- Insider announcements from our Faculty
- Special recognition on our website
- Special recognition in our Annual Report

With a gift of \$1,827 you also become a member of the University of Toronto's President's Circle, and will receive the Dean's Circle benefits, plus:

- Special invitations to President's Circle receptions and lectures throughout the year
- Additional recognition on our website
- Additional recognition in our Annual Report
