

## About Classic Care

Classic Care Pharmacy was founded in 1996 for the purpose of exclusively providing medication and consulting services to Long Term Care Homes and Retirement Residences. With locations in London, Burlington and Ottawa, Classic Care currently services many Municipal, Non-Profit and For-Profit homes throughout Ontario. Classic Care's dynamic team is comprised of Certified Geriatric Consultant Pharmacists, Certified Diabetes Educators, Registered Nurses, Technology Coordinators, Certified Pharmacy Technicians, Senior Account Executive, and Customer Care Representatives. They are all dedicated professionals specializing in geriatric care with their primary focus on meeting the unique needs of the residents.

## Your Day To Day

- Act as a liaison between long term care homes and retirement communities and Classic Care Pharmacy to ensure optimal Resident care, Pharmacy Services, and Clinical support
- Build and maintain relationships within the community to ensure ongoing collaboration and communication between home/community leadership teams and pharmacy teams to develop/maintain strong partnerships
- Complete medication reviews in currently serviced retirement communities and long term care homes serviced by Classic Care Pharmacy
- Complete all required documentation and billing processes as required by MOHLTC, Ontario College of Pharmacists (OCP), and other federal and provincial standards and regulations
- Provide education to Residents and staff on various health-related topics including the MedsCheck program and attend community-based wellness fairs and other events as required
- Conduct education sessions within Long Term Care Homes and Retirement Communities within scope of practice, as applicable (e.g. policy and procedure, web portal, eMAR, influenza protocol, etc.)
- Support Classic Care Pharmacy policies and procedures within retirement communities and long term care homes
- Complete medication audits on-site in LTC Homes and Retirement Communities as required
- Ensure regular on-site visits are made to all assigned clients
- Attend/participate in annual professional conferences and trade shows, when applicable
- Participate in the development and implementation of industry-leading clinical pharmacy service, when applicable
- Be an education, policy and pharmacy initiative resource
- Be available for special clinical team projects as required
- Complete/collaborate in the develop of medication audit follow-up improvement plans when applicable
- Works collaboratively with other team members to support applicable homes and communities
- Participate in pharmacy-related transition processes (e.g new client transitions, eMAR transitions, etc.)
- Help with pharmacy operations/drug distribution when required
- Attend and actively participate in clinical team meetings

**If this sounds like you and you are looking to be a part of one of Canada's largest independent healthcare providers, we want to hear from you. Tell us about your passion by submitting an application today!**

#### **Application Process**

CareRx welcomes and encourages applications from people with disabilities. Accommodations are available upon request for candidates taking part in all aspects of the selection process. Interested, qualified candidates are encouraged to apply.

*All applicants must successfully pass satisfactory background screening (depending on the role - Criminal Record Check, Credit Check, Driver's Abstract, Education Verification, Current Professional Registration) and referencing. Background screening will be completed after an offer of employment has been extended and accepted.*

#### **About CareRx**

CareRx is Canada's leading provider of specialty pharmacy services to seniors. We serve more than 50,000 residents in over 850 seniors and other communities (long-term care homes, retirement homes, assisted living facilities, and group homes). We are a national organization with a large network of pharmacy fulfillment centres that allows us to deliver medications in a timely and cost-effective manner. We take an active role in working with our home operator partners to promote resident health, staff education, and medication system quality and efficiency. Whether you do your best work in a dispensary, in a clinical setting, in an office, or on the road, we have a place for you.
