**About Sanofi – [www.sanofi.ca](http://www.sanofi.ca)**

Sanofi is dedicated to supporting people through their health challenges. We are a global biopharmaceutical company focused on human health. We prevent illness with vaccines, provide innovative treatments to fight pain and ease suffering. We stand by the few who suffer from rare diseases and the millions with long-term chronic conditions. With more than 100,000 people in 100 countries, Sanofi is transforming scientific innovation into healthcare solutions around the globe.

Sanofi entities in Canada include the Diabetes and Cardiovascular Care Business Unit, the General Medicines and Established Products Business Unit, Sanofi Pasteur (vaccines), Sanofi Genzyme (specialty care) and Sanofi Consumer Health. Together they employ close to 1,900 people. In 2015 Sanofi companies invested \$133.3 million in R&D in Canada, creating jobs, business and opportunity throughout the country.

### **Discover your future...**

Sanofi's university opportunities offer exposure to a fast-paced and collaborative environment. Student hires work side-by-side with biopharmaceutical professionals, providing an opportunity to make an impact in the lives of patients around the globe.

### **Department Description:**

The Sanofi Genzyme Market Access team is responsible for optimizing patient access to existing and future Sanofi Genzyme products in the therapeutic areas of rare diseases, oncology, immunology and multiple sclerosis. The team collaborates with all areas of the business to develop and implement reimbursement plans and reviewing the policy environment to help improve access of medicines to patients.

### **Responsibilities:**

- Conduct market and reimbursement analysis (e.g., health economic/pricing analysis, database and claims analysis, etc.) to support health economic and market access projects
- Assist the Market Access team in the development of reimbursement strategy, submissions, reports, presentations and other materials
- Review policy documents and position papers to assist in the development of policy positions relating to the health care system and the biopharmaceutical industry in Canada
- Collaboration with cross-functional team such as Marketing, Finance, Public Affairs, Business Operations, Medical Affairs, Regulatory, etc. to achieve reimbursement objectives and to support commercial objectives

### **Basic qualifications:**

- Must be a student/graduate at an accredited university pharmacy program (PharmD)
- Minimum GPA of 3.0 on a 4.0 scale
- Proficient in use of MS Office 2010, including Excel, Outlook, PowerPoint, and Word
- Must be legally entitled to work in Canada

### **Preferred qualifications:**

- Able to work independently and in collaboration with others
- Strong organizational skills, attention to detail, and analytical skills
- Strong written, verbal, and interpersonal communication skills
- Desire to work within a team environment
- Strong project management skills including organization, time management, and follow-up

**Application Instructions:**

- Apply through your school's career services website

*Sanofi is an equal opportunity employer committed to diversity and inclusion.
