

Leslie Dan Faculty of Pharmacy
University of Toronto

Harry and Frances Forman Award

Harry Forman was born in Toronto on January 8, 1927. Following his high school graduation from Harbord Collegiate, Harry entered the University of Toronto's School of Pharmacy. He graduated in 1947, at the age of 20. He had an almost sixty-year professional career including, as a young pharmacist, co-owner of a neighborhood pharmacy, a many-year associateship with Shoppers Drug Mart, and, in later years, working as a part-time pharmacist before retiring at the age of 80.

Harry loved his career in pharmacy, in part because of his life-long, close relationships with fellow pharmacists, but largely because of all the many customers he got to know and care for over the years, often delivering prescriptions to those who could not easily come in to pick up their medications.

Harry's closest partner in life was his dear wife Frances and together they raised four children. They spent as much time together as possible, to the extent that Frances worked with Harry at the pharmacy during many of the Shoppers Drug Mart years. Their warmth and easy smiles were well known to their customers and friends alike.

Harry and Frances Forman were married for sixty years before they passed away within two months of each other in 2014.

The children of Harry and Frances Forman established an award to honour their parents. It will be awarded to a student registered in Year 4 of the Doctor of Pharmacy program at the Leslie Dan Faculty of Pharmacy who best demonstrates dedication to the practice of pharmacy by going above and beyond in the provision of patient care.

The recipient must have achieved at least Second Class Honours in each of Years 1, 2 and 3, and must have achieved at least a Pass standing in all Year 4 courses. Applicants will provide a one-page personal statement that describes their dedication to the practice of pharmacy and how they have gone above and beyond in the provision of patient care.

Approximate value of the award: \$900
