

## Industrial Pharmacy Residency Program

### Medical Affairs

Medison Pharma Canada is pleased to offer a one-year pharmacy residency in partnership with the Leslie Dan Faculty of Pharmacy, University of Toronto. This residency is ideal for recent graduates in pharmacy programs with career interest in Medical Affairs within Hematology/Oncology or Rare Diseases. The Medical Affairs Resident will work closely with office and field based medical affairs personnel to develop and enhance their skills through on-the-job experience and formal learning. The pharmacy resident will also have the opportunity to explore other areas in the pharmaceutical industry such as marketing, regulatory, and market access during the course of the residency term, as availability in the company permits.

#### **About Medison Pharma Canada** **Delivering Innovative Healthcare**

#### **We are Always Ahead | We Grow as One | We Care**

Medison is a global pharma company focused on providing access to highly innovative therapies in international markets, helping to save and improve the lives of patients suffering from the most challenging diseases.

We believe that all patients, wherever they are in the world, have the right to get access to the best available novel treatments, and we are here to make this happen.

#### **Position: Medical Affairs Industrial Resident**

##### **Key Responsibilities:**

- ❖ Be an active member of a therapeutically aligned Medical Affairs team and participate in external meetings with Key Opinion Leaders (KOL), multidisciplinary HCP teams, and patient organizations to gain insights.
- ❖ Support the development of various HCP engagement plans.
- ❖ Contribute to the development and advancement of medical deliverables by providing scientific support for therapy area products.
- ❖ Support Medical Advisors and Medical Science Liaisons in pooling scientific evidence related to disease area, product situational scan and competitive landscape.
- ❖ Support the development of fair, scientifically balanced presentations and written materials to address customer needs.
- ❖ Assist with the planning and execution of Advisory Boards.
- ❖ Advance other projects to support Medical Affairs activities (i.e., issue management, special projects, literature search, formulary submission, etc.).
- ❖ Support and mentor incoming Advanced Pharmacy Practice Experience (APPE) program PharmD students in the on-boarding, training, and orientation phase of their rotation.
- ❖ Administrative support for Medical Affairs team (monthly medical team meeting and cross-functional meetings).

## Industrial Pharmacy Residency Program

### *Medical Affairs*
